Tattoo Aftercare Education Sheet

10-14 days is the normal healing time for tattoos.

At the first sign of an adverse reaction or infection, i.e. excessive swelling, fever, or rash, please contact White Lotus and consult a physician.

- I. Remove all bandages in two hours.
 - A. Do not re-bandage.
- II. Wash hands thoroughly. Wash tattoo with warm water and antibacterial soap (Dial or Soft Soap). Rub tattoo softly until all blood and plasma are removed.
 - A. Allow tattoo to air-dry for 15 minutes.
- III. Apply a thin layer of Aquaphor Ointment lightly with clean hands.
 - A. Blot off excess ointment with paper towel. The tattoo needs to breath.
- IV. Repeat washing and application of ointment three times a day for two days.
- V. Use a fragrance and dye-free lotion (Lubriderm) for the remainder of the healing.
 - A. Do not use petroleum jelly, alcohol, or any home remedies.
- VI. Avoid sun exposure, steam, salt water, chlorine, dirt, grease, pet hair, or soaking.
- VII. Leave your tattoo alone.
 - A. Allow Flakes to fall off naturally.
 - B. Wear loose clothing as to not catch on tattoo.

If you have any questions, please do not hesitate to call or come in.
